

ABORT

The diagram illustrates a call stack. At the bottom is a gray-shaded rectangular block representing a function frame. It is divided into three horizontal sections. The top section contains the text 'sm_multi_stage_1::mode', '_4_sequence_c::StiMode4Sequence', and 'CStep2::PREVIOUS'. Above this frame is a blue arrow pointing upwards. At the tip of the arrow is a white rectangular box with a black border, also divided into three horizontal sections. The top section of this box contains the word 'ABORT', while the two bottom sections are empty.
