

```
sm_dance_bot_warehouse  
_2::StNavigateToWaypoint1  
::onExit
```

A diagram showing a transition from a state machine state to a state definition. A grey box on the left contains the text 'sm\_dance\_bot\_warehouse\_2::StNavigateToWaypoint1::onExit'. A blue arrow points from this box to a white box on the right. The white box contains the text 'smacc2::SmaccState < StNavigateToWaypoint1, MsDanceBotRunMode >::requires Component'.

```
smacc2::SmaccState  
< StNavigateToWaypoint1,  
  MsDanceBotRunMode >::requires  
  Component
```
