```

The diagram illustrates a dependency or call sequence. Two white rectangular boxes on the left represent callback functions: 'cl_nav2z::CbRotateLookAt::onEntry' (top) and 'cl_nav2z::CbWaitPose::onEntry' (bottom). Both boxes have blue arrows pointing from their right sides to a single gray rectangular box on the right. The gray box is labeled 'cl_nav2z::Pose::waitTransform Update'. This indicates that both callback functions trigger or depend on the 'waitTransform Update' operation of the 'cl_nav2z::Pose' object.
