

smacc2::SmaccStateMachine  
Base::reset

```
graph LR; A["smacc2::SmaccStateMachine  
Base::reset"] --> B["smacc2::ISmaccStateMachine  
::reset"]
```

The diagram consists of two rectangular boxes connected by a dark blue arrow pointing from left to right. The left box has a light gray fill and a black border, containing the text 'smacc2::SmaccStateMachine' on the top line and 'Base::reset' on the bottom line. The right box has a white fill and a black border, containing the text 'smacc2::ISmaccStateMachine' on the top line and '::reset' on the bottom line.
