

```
cl_move_base_z::backward  
_local_planner::BackwardLocalPlanner  
::configure
```

A diagram showing a call to the `configure` method of the `BackwardLocalPlanner` class. The call is shown in a grey box on the left, with a blue arrow pointing to a white box on the right. The white box contains the text `cl_move_base_z::backward_local_planner::declareOrSet`, indicating that the `configure` method is likely a wrapper for `declareOrSet`.

```
cl_move_base_z::backward  
_local_planner::declareOrSet
```
