The diagram illustrates a dependency or relationship between four code elements. On the left, there are three white rectangular boxes with black borders, each containing a function name: 'cl_nav2z::CostmapSwitch::disable', 'cl_nav2z::CostmapSwitch::enable', and 'cl_nav2z::CostmapSwitch::onInitialize'. On the right, there is a single gray rectangular box with a black border containing the function name 'cl_nav2z::CostmapSwitch::getStandardCostmapName'. Three blue arrows originate from the right side of each white box and point towards the left side of the gray box, indicating that the three functions on the left are associated with or depend on the function on the right.
