

cl_move_base_z::Waypoint
Navigator::onGoalCancelled

```
graph LR; A["cl_move_base_z::Waypoint  
Navigator::onGoalCancelled"] --> B["cl_move_base_z::Waypoint  
Navigator::stopWaitingResult"]
```

A diagram showing a call from the `onGoalCancelled` method to the `stopWaitingResult` method. The source box is shaded gray and the target box is white. A blue arrow points from the source to the target.

cl_move_base_z::Waypoint
