

cl\_nav2z::CbAbsoluteRotate  
::onEntry

cl\_nav2z::CbRotate  
::onEntry

cl\_nav2z::PlannerSwitcher  
::setPureSpinningPlanner

```
graph LR; A[cl_nav2z::CbAbsoluteRotate::onEntry] --> C[cl_nav2z::PlannerSwitcher::setPureSpinningPlanner]; B[cl_nav2z::CbRotate::onEntry] --> C;
```

The diagram illustrates two callout boxes on the left pointing to a single target box on the right. The top callout box, labeled 'cl\_nav2z::CbAbsoluteRotate::onEntry', has a blue arrow pointing to the top of the target box. The bottom callout box, labeled 'cl\_nav2z::CbRotate::onEntry', has a blue arrow pointing to the bottom of the target box. The target box is labeled 'cl\_nav2z::PlannerSwitcher::setPureSpinningPlanner' and has a light gray background.
