

```
boost::statechart::  
event< EvTransitionActiveShutdown  
    < TSourceObject, TOrthogonal > >
```

The diagram illustrates an inheritance relationship. A light blue arrow points from the bottom box to the top box, indicating that the bottom class inherits from the top class. Both boxes are divided into three horizontal sections. The top section of each box contains the class name and its template arguments. The bottom two sections are empty.

```
cl_lifecyclenode::EvTransition  
ActiveShutdown< TSourceObject,  
    TOrthogonal >
```
