

```
sm_dance_bot_lite::  
StEventCountDown::staticConfigure
```

```
graph LR; A[sm_dance_bot_lite::StEventCountDown::staticConfigure] --> B[smacc2::SmaccState< StEventCountDown, MsDanceBotRunMode >::static_createStateReactor];
```

A diagram showing a call from `sm_dance_bot_lite::StEventCountDown::staticConfigure` to `smacc2::SmaccState< StEventCountDown, MsDanceBotRunMode >::static_createStateReactor`. The call is represented by a blue arrow pointing from the left box to the right box.

```
smacc2::SmaccState  
< StEventCountDown,  
MsDanceBotRunMode >  
::static_createStateReactor
```
