

ABORT

The diagram illustrates a call stack. At the bottom is a gray-shaded rectangular block representing a function frame. It is divided into three horizontal sections. The top section contains the text 'sm_multi_stage_1::mode', '_4_sequence_c::StiMode4Sequence', and 'CStep2::PREVIOUS'. The middle and bottom sections are empty. A blue arrow points upwards from the top edge of this gray block to the bottom edge of a white rectangular block above it. The white block is also divided into three horizontal sections; the top section contains the text 'ABORT', while the middle and bottom sections are empty.
