

smacc2/include/smacc2
/smacc_tracing/trace
_provider.hpp

```
graph TD; A["smacc2/include/smacc2  
/smacc_tracing/trace  
_provider.hpp"] --> B["lttng/tracepoint.h"]; A --> C["lttng/tracepoint-event.h"];
```

The diagram illustrates the include relationships for the `smacc2` tracing provider. A central box at the top represents the source file `smacc2/include/smacc2/smacc_tracing/trace_provider.hpp`. Two blue arrows point downwards from this box to two separate boxes below. The left box contains `lttng/tracepoint.h` and the right box contains `lttng/tracepoint-event.h`, indicating that the source file includes both of these headers.

lttng/tracepoint.h

lttng/tracepoint-event.h
