

```
{sc::event< EvKeyPressA  
< TSource, TOrthogonal > >  
    ||}
```

A diagram showing inheritance. A light gray box at the bottom contains the code for `cl_keyboard::EvKeyPressA`. A blue arrow with a hollow triangular head points upwards from this box to a white box at the top. The white box contains the code for `sc::event<EvKeyPressA>`, indicating that the top class inherits from the bottom class.

```
{cl_keyboard::EvKeyPressA  
< TSource, TOrthogonal >  
    ||}
```
