

```
sm_dance_bot_strikes  
_back::StEventCountDown  
::staticConfigure
```

A diagram showing a call from a function to a state object. A grey box on the left contains the function name and its arguments. A blue arrow points from this box to a white box on the right, which contains the state object name and its arguments.

```
smacc2::SmaccState  
< StEventCountDown,  
  MsDanceBotRunMode >  
::static_createStateReactor
```
