The diagram illustrates a dependency or call relationship. Three source boxes on the left, each containing a function name with a namespace, have blue arrows pointing to a single target box on the right. The target box also contains a function name with the same namespace. The source boxes are 'cl_nitrosz::CpCostmapSwitch::disable', 'cl_nitrosz::CpCostmapSwitch::enable', and 'cl_nitrosz::CpCostmapSwitch::onInitialize'. The target box is 'cl_nitrosz::CpCostmapSwitch::getStandardCostmapName'.
