

sm_advanced_recovery
_1::pc_cycle_inner_states
::StiPCCycleTitrate::onEntry

```
graph LR; A["sm_advanced_recovery  
_1::pc_cycle_inner_states  
::StiPCCycleTitrate::onEntry"] --> B["smacc2::ISmaccState  
::getLogger"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of text: 'sm_advanced_recovery', '_1::pc_cycle_inner_states', and '::StiPCCycleTitrate::onEntry'. The right box has a white background and contains two lines of text: 'smacc2::ISmaccState' and '::getLogger'.

smacc2::ISmaccState
::getLogger
