The diagram illustrates a callout mechanism. Two white rectangular boxes on the left, each with a black border, contain the text 'cl\_nav2z::CbAbsoluteRotate::onEntry' (top) and 'cl\_nav2z::CbRotate::onEntry' (bottom). Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right with a black border. This gray box contains the text 'cl\_nav2z::PlannerSwitcher::setPureSpinningPlanner'.
