

smacc2::ISmaccState
::getClassName

```
graph LR; A["smacc2::ISmaccState  
::getClassName"] --> B["smacc2::introspection  
::demangleSymbol"]; B --> B;
```

The diagram illustrates a function call. A grey box on the left contains the text 'smacc2::ISmaccState' and '::getClassName'. A blue arrow points from this box to a white box on the right. The white box contains the text 'smacc2::introspection' and '::demangleSymbol'. A curved blue arrow loops back from the top of the white box to its top-left corner, indicating a recursive or self-call.

smacc2::introspection
::demangleSymbol
