

```
boost::statechart::  
event< EvConditionalTrue  
< TReactorType, EmptyObjectTag > >
```

The diagram illustrates an inheritance relationship. A blue arrow points from the `smacc2::state_reactors` class to the `boost::statechart::event` class. Both classes are represented as boxes with three horizontal sections. The top section contains the class name and its template parameters. The middle and bottom sections are empty.

```
smacc2::state_reactors  
::EvConditionalTrue< TReactor  
Type, TReactorTag >
```
