

```
boost::statechart::  
event< EvTransitionOnCleanup  
Error< TSourceObject, TOrthogonal > >
```

The diagram shows a class hierarchy. The top class, `boost::statechart::event< EvTransitionOnCleanupError< TSourceObject, TOrthogonal > >`, is represented by a white box with a black border. The bottom class, `cl_lifecyclenode::EvTransitionOnCleanupError< TSourceObject, TOrthogonal >`, is represented by a gray box with a black border. A blue arrow with a hollow triangular head points from the bottom class to the top class, indicating that the bottom class inherits from the top class.

```
cl_lifecyclenode::EvTransition  
OnCleanupError< TSourceObject,  
TOrthogonal >
```
