

sm_pack_ml::execute
_sequence_b::StiExecuteSequence
BStep1::onEntry

```
graph LR; A["sm_pack_ml::execute  
_sequence_b::StiExecuteSequence  
BStep1::onEntry"] --> B["smacc2::ISmaccState  
::getLogger"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of text: 'sm_pack_ml::execute', '_sequence_b::StiExecuteSequence', and 'BStep1::onEntry'. The right box has a white background and contains two lines of text: 'smacc2::ISmaccState' and '::getLogger'.

smacc2::ISmaccState
