

smacc2::introspection
::SmaccStateInfo::getLogger

A diagram showing a call from the getLogger method to the getNode method. It consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is shaded gray and contains the text 'smacc2::introspection' and '::SmaccStateInfo::getLogger'. The right box is white and contains the text 'smacc2::introspection' and '::SmaccStateInfo::getNode'.
