

```
boost::statechart::  
event< EventB< TSource,  
        TState > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EventB< TSource, TState > >'. The bottom box is gray and contains the text 'smacc2::state\_reactors::EventB< TSource, TState >'. A blue arrow points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
smacc2::state_reactors  
::EventB< TSource, TState >
```
