```
graph LR; A[smacc2::ISmaccOrthogonal::addClientBehavior] --> D[smacc2::ISmaccOrthogonal::getName]; B[smacc2::ISmaccOrthogonal::initState] --> D; C[smacc2::ISmaccOrthogonal::runtimeConfigure] --> D;
```

The diagram consists of four rectangular boxes. On the left, there are three white boxes with black borders, each containing text. On the right, there is a single gray box with a black border, also containing text. Three blue arrows originate from the right side of the three white boxes and point towards the left side of the gray box. The top white box points to the top of the gray box, the middle white box points to the middle of the gray box, and the bottom white box points to the bottom of the gray box.
