

The diagram consists of a light gray rectangular box with a black border. Inside the box, the text `smacc2::FlashLightPlugin` is on the top line and `::TurnOff` is on the bottom line. A blue curved arrow originates from the top edge of the box, just to the left of the center, and points back down to the top edge of the box, just to the right of the center, indicating a self-call or a recursive action.

```
smacc2::FlashLightPlugin  
::TurnOff
```
