

cl\_nav2z::pure\_spinning  
\_local\_planner::PureSpinning  
LocalPlanner::updateParameters

```
graph LR; A["cl_nav2z::pure_spinning  
_local_planner::PureSpinning  
LocalPlanner::updateParameters"] --> B["cl_nav2z::pure_spinning  
_local_planner::tryGetOrSet"]
```

A diagram showing a call from the `updateParameters` method of the `PureSpinningLocalPlanner` class to the `tryGetOrSet` method of the `PureSpinningLocalPlanner` class. The call is represented by a blue arrow pointing from the left box to the right box.
