

cl_nav2z::CbNavigateBackwards
::onEntry

cl_nav2z::CbNavigateForward
::onEntry

cl_nav2z::odom_tracker
::CpOdomTracker::setStartPoint

```
graph LR; A[cl_nav2z::CbNavigateBackwards::onEntry] --> C[cl_nav2z::odom_tracker::CpOdomTracker::setStartPoint]; B[cl_nav2z::CbNavigateForward::onEntry] --> C;
```

The diagram illustrates two callout boxes on the left pointing to a single target box on the right. The top callout box, labeled 'cl_nav2z::CbNavigateBackwards::onEntry', has a blue arrow pointing to the top of the target box. The bottom callout box, labeled 'cl_nav2z::CbNavigateForward::onEntry', has a blue arrow pointing to the bottom of the target box. The target box is shaded gray and contains the text 'cl_nav2z::odom_tracker::CpOdomTracker::setStartPoint'.
