

sm_pack_ml::suspending
_sequence_a::StiSuspendingSequence
AStep4::onEntry

```
graph LR; A["sm_pack_ml::suspending  
_sequence_a::StiSuspendingSequence  
AStep4::onEntry"] --> B["smacc2::ISmaccState  
::getLogger"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of text: 'sm_pack_ml::suspending', '_sequence_a::StiSuspendingSequence', and 'AStep4::onEntry'. The right box has a white background and contains two lines of text: 'smacc2::ISmaccState' and '::getLogger'.

smacc2::ISmaccState
::getLogger
