

LEDActionServer::run

```
graph LR; A[LEDActionServer::run] --> B[LEDActionServer::handle_accepted]
```

The diagram illustrates a function call. A white rectangular box on the left contains the text 'LEDActionServer::run'. A dark blue arrow points from the right side of this box to the left side of a gray rectangular box on the right. The gray box contains the text 'LEDActionServer::handle_accepted'.

LEDActionServer::handle
_accepted
