```

The diagram illustrates the dependencies of the header file `_common/nav2z_client_tools.hpp` located within the `smacc2_client_library` at the path `/nav2z_client/custom_planners/nav2z_planners`. Three blue arrows point from the main header file box to three separate boxes below it, representing the included headers: `vector`, `geometry_msgs/msg/pose_stamped.hpp`, and `rclcpp/rclcpp.hpp`.

vector

geometry\_msgs/msg/pose  
\_stamped.hpp

rclcpp/rclcpp.hpp
