

smacc2::introspection
::SmaccEventInfo::getSourceName

```
graph LR; A[smacc2::introspection::SmaccEventInfo::getSourceName] --> B[smacc2::introspection::demangleSymbol]; B --> B;
```

The diagram illustrates a function call. A grey box on the left represents the caller, `smacc2::introspection::SmaccEventInfo::getSourceName`. A straight blue arrow points from this box to a white box on the right, which represents the callee, `smacc2::introspection::demangleSymbol`. Additionally, a curved blue arrow originates from the top of the white box and points back to itself, indicating a self-call or a recursive operation within the `demangleSymbol` function.
