

```
sm_dance_bot_warehouse  
::StAcquireSensors::staticConfigure
```

```
graph LR; A["sm_dance_bot_warehouse  
::StAcquireSensors::staticConfigure"] --> B["smacc2::SmaccState  
< StAcquireSensors,  
MsDanceBotRunMode >  
::static_createStateReactor"]
```

A diagram showing a call from a static configure function to a static state reactor creation function. A blue arrow points from the left box to the right box.

```
smacc2::SmaccState  
< StAcquireSensors,  
MsDanceBotRunMode >  
::static_createStateReactor
```
