

```
cl_move_base_z::pure  
_spinning_local_planner  
::PureSpinningLocalPlanner  
::configure
```

A diagram illustrating a function call. A grey rectangular box on the left contains the code for a local planner object. A blue arrow points from the right side of this box to a white rectangular box on the right, which contains the code for a static method. The arrow indicates that the `configure` method of the `PureSpinningLocalPlanner` class is being called.

```
cl_move_base_z::pure  
_spinning_local_planner  
::declareOrSet
```
