

```
boost::statechart::  
event< EvTransitionOnActivate  
Error< TSourceObject, TOrthogonal > >
```

The diagram shows two class boxes. The top box is white and contains the text 'boost::statechart::event< EvTransitionOnActivateError< TSourceObject, TOrthogonal > >'. The bottom box is gray and contains the text 'cl_lifecyclenode::EvTransitionOnActivateError< TSourceObject, TOrthogonal >'. A blue arrow with an open triangular head points from the bottom box to the top box, indicating that the bottom class inherits from the top class.

```
cl_lifecyclenode::EvTransition  
OnActivateError< TSourceObject,  
TOrthogonal >
```
