

```
function< void(std  
::shared_ptr< smacc2  
::SmaccEventGenerator >)>
```

The diagram consists of two class boxes. The top box is white and contains the text: `function< void(std::shared_ptr< smacc2::SmaccEventGenerator >)>`. It has two empty compartments below the text. The bottom box is gray and contains the text: `smacc2::introspection::EventGeneratorCallbackFunctor`. It also has two empty compartments below the text. A vertical line connects the bottom of the top box to the top of the bottom box. On this line, there is a small open diamond symbol, indicating an aggregation relationship. To the right of the line, the text `+fn` is written.

+fn

```
smacc2::introspection  
::EventGeneratorCallbackFunctor
```
