

```
sm_respira_1::ps_cycle  
_inner_states::StiPSCycleInspire  
::onExit
```

```
graph LR; A["sm_respira_1::ps_cycle  
_inner_states::StiPSCycleInspire  
::onExit"] --> B["smacc2::ISmaccState  
::getLogger"]
```

A diagram showing a call from a stateful object to a stateful object. The left box, which is shaded gray, contains the text 'sm\_respira\_1::ps\_cycle', '\_inner\_states::StiPSCycleInspire', and '::onExit'. A blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text 'smacc2::ISmaccState' and '::getLogger'.

```
smacc2::ISmaccState  
::getLogger
```
