

```
boost::statechart::  
event< EvMoveGroupMotionExecution  
      Failed< TSource, TOrthogonal > >
```

The diagram shows a class hierarchy. The top class, `boost::statechart::event< EvMoveGroupMotionExecutionFailed< TSource, TOrthogonal > >`, is represented by a white box with a black border. The bottom class, `cl_move_group_interface::EvMoveGroupMotionExecutionFailed< TSource, TOrthogonal >`, is represented by a gray box with a black border. A blue arrow with a hollow triangular head points from the bottom class to the top class, indicating that the bottom class inherits from the top class.

```
cl_move_group_interface  
::EvMoveGroupMotionExecution  
Failed< TSource, TOrthogonal >
```
