

cl_move_group_interface
::toMsg

```
graph LR; A[cl_move_group_interface::toMsg] --> B[cl_move_group_interface::toMsg]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow pointing from left to right. The left box is filled with a gray color and has a dark gray border. It contains the text 'cl_move_group_interface' on the top line and '::toMsg' on the bottom line. The right box is white with a dark gray border and contains the same text: 'cl_move_group_interface' on the top line and '::toMsg' on the bottom line. The blue arrow is positioned between the two boxes, pointing towards the right box.
