

LEDActionServer::run

```
graph LR; A[LEDActionServer::run] --> B[LEDActionServer::handle_accepted]
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The left box is white with a black border and contains the text 'LEDActionServer::run'. A blue arrow points from the right side of this box to the left side of the right box. The right box is gray with a black border and contains the text 'LEDActionServer::handle' on the top line and '\_accepted' on the bottom line.

LEDActionServer::handle  
\_accepted
