The diagram shows two class-like boxes. The top box is white and contains the text 'boost::statechart::event< EvWaypoint238 < TSource, TOrthogonal > >'. It has two empty horizontal compartments below the text. The bottom box is gray and contains the text 'cl\_move\_base\_z::EvWaypoint238 < TSource, TOrthogonal >' followed by '+ waypointIndex' in a separate compartment. A blue arrow with an open triangle head points from the bottom box to the top box, indicating inheritance.
