

```
cl_move_group_interface  
::CbMoveEndEffectorTrajectory  
  ::onEntry
```

A diagram showing a call from the `onEntry` method of the `cl_move_group_interface::CbMoveEndEffectorTrajectory` class to the `generateTrajectory` method of the same class. A blue arrow points from the `onEntry` method in the left box to the `generateTrajectory` method in the right box.

```
cl_move_group_interface  
::CbMoveEndEffectorTrajectory  
  ::generateTrajectory
```
