```
graph LR; A[smacc2::ISmaccOrthogonal::addClientBehavior] --> D[smacc2::ISmaccOrthogonal::getName]; B[smacc2::ISmaccOrthogonal::initState] --> D; C[smacc2::ISmaccOrthogonal::runtimeConfigure] --> D;
```

The diagram consists of four rectangular boxes. Three boxes are arranged vertically on the left side, each containing text. A single box is positioned to the right of these three. Three blue arrows originate from the right side of each of the three left boxes and point towards the left side of the single box on the right. The box on the right has a gray background, while the three boxes on the left have white backgrounds.
