

ABORT

sm_pack_ml::execute
_sequence_b::StiExecuteSequence
BStep7::PREVIOUS

The diagram illustrates a call stack or state transition. At the bottom is a large gray rectangular block divided into three horizontal sections. The top section contains the text 'sm_pack_ml::execute', '_sequence_b::StiExecuteSequence', and 'BStep7::PREVIOUS'. A blue arrow points upwards from the top edge of this gray block to the bottom edge of a smaller white rectangular block above it. This white block is also divided into three horizontal sections; the top section contains the word 'ABORT', while the middle and bottom sections are empty.
