

smacc2::client\_behaviors  
::CbWaitTopicMessage::onEntry

```
graph LR; A[smacc2::client_behaviors::CbWaitTopicMessage::onEntry] --> B[smacc2::client_behaviors::CbWaitTopicMessage::onMessageReceived];
```

A diagram showing a call from the `onEntry` method to the `onMessageReceived` method. The `onEntry` method is in a white box on the left, and the `onMessageReceived` method is in a gray box on the right. A blue arrow points from the `onEntry` box to the `onMessageReceived` box.
