The diagram illustrates an inheritance relationship. A base class box at the top contains the text 'boost::statechart::event< EvWaypoint134 < TSource, TOrthogonal > >'. It is divided into three horizontal sections, with the text in the top section and two empty sections below. A derived class box at the bottom, shaded gray, contains the text 'cl\_move\_base\_z::EvWaypoint134 < TSource, TOrthogonal >' in its top section, '+ waypointIndex' in its middle section, and an empty section at the bottom. A blue arrow with an open triangular head points from the top of the derived class box to the bottom of the base class box.
