```

The diagram illustrates a shared resource or function. On the left, two separate boxes represent callback functions: 'cl_nav2z::CbRotateLookAt::onEntry' (top) and 'cl_nav2z::CbWaitPose::onEntry' (bottom). Both boxes have a blue arrow pointing from their right side to a single, larger box on the right. This box, which has a gray background, is labeled 'cl_nav2z::Pose::waitTransformUpdate'. This visualizes that both callbacks interact with or call the same waitTransformUpdate function.
