

ABORT

sm\_pack\_ml::execute  
\_sequence\_b::StiExecuteSequence  
BStep3::PREVIOUS

The diagram illustrates a call stack or state transition. At the top is a box with three sections; the top section is labeled 'ABORT'. Below this box is a blue arrow pointing upwards. At the bottom is a larger box divided into three horizontal sections. The top section contains the text 'sm\_pack\_ml::execute', '\_sequence\_b::StiExecuteSequence', and 'BStep3::PREVIOUS'. The bottom two sections are empty.
