

CANCEL

The diagram illustrates a call stack structure. At the top is a white rectangular block divided into three horizontal sections. The top section contains the text 'CANCEL', while the two sections below it are empty. Below this block is a blue arrow pointing upwards, indicating a return path. At the bottom is a larger gray rectangular block, also divided into three horizontal sections. The top section contains the text 'sm_multi_stage_1::cmv', '_cycle_1::StiCMVCyclePush1', and '::RETURN'. The two sections below it are empty. The blue arrow originates from the top of the gray block and points to the bottom of the white 'CANCEL' block.

sm_multi_stage_1::cmv
