```

The diagram illustrates a dependency or call sequence. Two white rectangular boxes on the left represent callback functions: 'cl_nav2z::CbRotateLookAt::onEntry' (top) and 'cl_nav2z::CbWaitPose::onEntry' (bottom). Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right. This gray box represents the 'cl_nav2z::Pose::waitTransform Update' function, indicating that both callbacks trigger or depend on this specific pose update operation.
