

cl_move_group_interface
::CbMoveKnownState::onEntry

```
graph LR; A[cl_move_group_interface::CbMoveKnownState::onEntry] --> B[cl_move_group_interface::CbMoveKnownState::loadJointStatesFromFile]
```

A diagram showing a call from the `onEntry` method to the `loadJointStatesFromFile` method. A blue arrow points from the left box to the right box.
